

The Calm in Every Breath

Deline 10 Tablet
(Doxofylline) 400mg

The Calm in Every Breath

Polluted environments contribute to respiratory diseases like COPD, Asthma, and Broncho constriction. COPD ranks as the third leading global cause of death, claiming **3.23 million** lives in 2019. Additionally, approximately **20 million** Pakistani adults, or 12% of the population, suffer from ASTHMA.

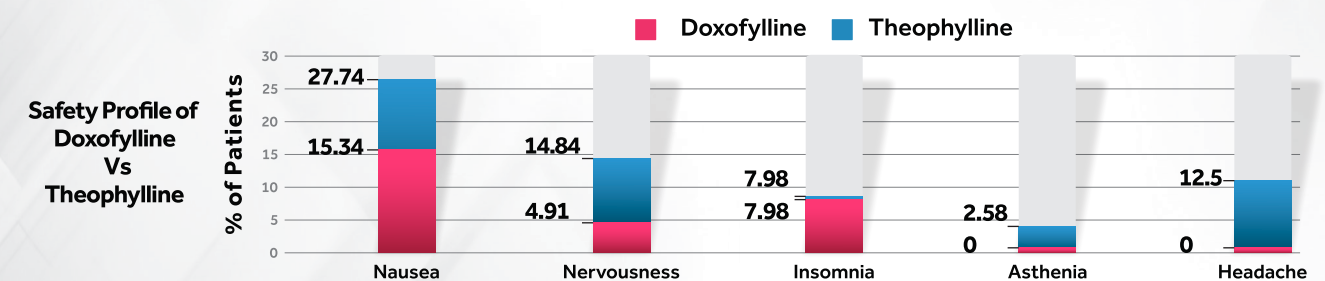

Some Common Causes And Triggers of Rti

Common Symptoms Are

Coughing Sneezing/Wheezing Trouble Sleeping Apnea Breathlessness

Deline (Doxofylline 400mg) is a methylxanthine derivative, is used to treat respiratory tract infections. Although the exact mechanism of action remains unclear, it is thought to involve inhibiting phosphodiesterase activity, leading to increased levels of CAMP and promoting smooth muscle relaxation.

Similarly combination treatment of doxofylline and Montelukast gives additional benefits compared to montelukast as monotherapy.

DOSAGE:

ADULTS: 1 tablet BID or TID

Elderly Patients: 1/2 tablet BID or TID or as prescribed by the physician.
